MYSORE APPROPRIATION (No. 4) BILL, 1962.

Motion to consider.

†Sri B. D. JATTI (Minister for Finance).—Sir, I beg to introduce the Mysore Appropriation (No. 4) Bill, 1962.

Mr. SPEAKER.—The Mysore Appropriation (No. 4) Bill is introduced.

Sri B. D. JATTI.—I beg to move :

“That the Mysore Appropriation (No. 4) Bill, be taken into consideration.”

Mr. SPEAKER.—Motion moved :

“That the Mysore Appropriation (No. 4) Bill be taken into consideration.”

Before the debate begins, I suppose the House is fully aware that the scope of the debate, as I have already mentioned, is very very limited. At

the same time there is an under current of feeling that several points have not been covered by the debate. Yesterday a point of order was raised by my esteemed friend Sri B. L. Gowda. To be absolutely accurate, he said that Sri S. Gopala Gowda rose on a point of order while Sri Gopala Gowda did not at that stage rise on a point of order. It was later on taking the cue, that Sri S. Gopala Gowda said that it was a point of order. The Hon'ble Member Sri B. L. Gowda has been kind enough to send me certain points in consonance with what I have already said. I said that it must be done yesterday only so that the Minister could be in a position to answer them.

Sri B. L. GOWDA (Challakere).—The points I have sent, are with regard to the Appropriation Bill that is going to come before the House today.

Mr. SPEAKER.—I am passing on those points to the Ministers and such of the Ministers as are in charge of the portfolios may kindly see and give such answers as may be possible.

(The Hon'ble Speaker then passed on the points to the Ministers concerned).

I wish to inform that the debate may not be the usual debate that is taking place, raising every point of policy because amounts have now been sanctioned and there is no question of reducing the grant. This Bill is only to regularise and authorise the expenditure. To that extent it should be discussed and it should not exceed beyond what is absolutely necessary and that should be in the shape of raising points not covered during the debate. The points that could not be raised then for want of time, could be discussed. Therefore the scope of the debate will be very limited. Sri S. M. Krishna will initiate the debate. There is one more Bill. Therefore I suggest that we shall conclude the first Bill by about 12 noon.

Sri C. J. MUCKANNAPPA (Sira).—The Speaker was pleased to promise to give a ruling on the policy statement made by the Chief Minister. It is pending with the Speaker. We want to know when it would be given.
